# *Notre Selection de Thé en Feuille*

## *Our Loose Leave Teas Selection*

*We now have the pleasure to offer to our customers an amazing selection of loose tea from 'The Rare Tea Company'. Rare Tea Company is a small, independent company based in London and was founded in 2004 by Henriette Lovell, known as the Tea-Lady, to source and supply 'The World's Best Tea', direct from farmers and their tea gardens.*

***Tea Pot with extra flask of hot water  
(3-4 cups)*** ..... £3,45

### ***English Breakfast***

*This tea has a unique depth of flavour that combines the power of a Breakfast Tea with deeply satisfying complexity. It is made from hand-crafted, single estate, black teas from: India, Africa and China. It has a rich and aromatic honey nose with a deep malty finish.*

### ***Rare Earl Grey***

*This Earl Grey is an orthodox tea hand-crafted with natural Italian Bergamot. It is tea as it used to be – not a modern approximation of a classic. It is clean and exceptionally bright, perfect for the afternoon.*

### ***China Green Leaf Tea***

*An exquisite Chinese green tea that is meticulously hand-crafted. The leaves are fired in a wok over charcoal in the same way it has been produced for 5000 years. Clean and refreshing with a light smoky undertone this tea is the antithesis of bitter, mass produced green teas.*

### ***Jasmine Silver tip Tea***

*The finest White Silver tips scented with fresh jasmine flowers. Not flavoured and containing no additives. The delicate silver tips absorb the scent of fresh Jasmine flowers over six consecutive nights. Once the preserve of Emperors, this is simply the finest jasmine tea available anywhere.*

***Tea Pot with extra flask of hot water  
(3-4 cups)*** ..... £3,30

### ***Wild Rooibos***

*The real Red Bush from the Cederberg Mountains of South Africa. Beyond organic, this Rooibos is harvested completely wild in its indigenous environment. A richly delicious caffeine-free infusion.*

### ***English Peppermint***

*A rare English peppermint grown in Cornwall on the Tregothan Estate, this is one of the very last English mints in production. It has a strong peppery nose with a smooth balanced flavour.*

### ***Whole Chamomile Flowers***

*Our famous, celebrated and beloved whole chamomile flowers. Sourced from a small Turkish farm, it is sweet, soft and utterly lovely.*

### ***Sri Lankan Lemongrass***

*A smooth, rich herbal infusion with flavours of cut hay and lemon drops. This iniquely complex and full-bodied lemongrass is grown in a remote mountain tea garden near the Ravanna falls, Sri Lanka.*

### ***Traditional English Breakfast***

*A blend of black teas from Satemwa, a small, family run garden in the Shire Highlands of Malawi. Remarkably strong, rich and comforting with a deep, malty finish. Perfect with milk.*
